Kauhuhu

Creative Curriculum

Through the magic of story and the wisdom of yoga we will explore language arts, physical and health education, art and science, social studies, and character education.

A Yoga Storytelling Adventure provides experiences for teachers and students to meet the standards set for education. These standards are not only for English language arts but also for literacy in history/social studies, and science.

- Reading - standards that include topics of theme, settings, story structure, sequencing, character development, retelling, story comparison from different cultures, phonological awareness, and many more
- Writing - standards that include narrative, descriptive details, the use of dialogue, sensory detailed language, clear event sequencing
- Speaking and listening - standards that include group discussions and collaborative work, the ability to speak audibly expressing thoughts, feeling and ideas, retelling in many forms, recounting details, creating oral presentations
- Language - standards that include identifying new words and phrases, clarifying meaning, acquiring appropriate language and figurative language.

This curriculum can be used in numerous ways. The activities can and should be adapted to fit your specific needs. Let them serve as a springboard for your own creativity. Our approach to story and yoga has always been experiential, learning as we teach. We encourage you to do the same.

The following are a few suggestions of how to take **A Yoga Storytelling Adventure** across the curriculum. The stories offer a variety of opportunities to explore the subjects. These examples are a tiny drop in the vast ocean of possibilities.

Each listing can be directly applied to the curriculum requirements for kindergarten through fourth grade. We are confident the addition of story and yoga will enliven your classes while supporting the core subjects of study.

- Language Arts; vocabulary, spelling, and creative writing
Ex; inquisitive, enraged, ferocious
- Social Studies; cultures, history, and geography
Ex; locate the Hawaiian Islands on a globe
- Science; biology, anatomy, animals, plants, and nature
Ex; sharks
- Math; pattern, lines and angles, measurement, mapping, probability, graphs
Ex; graph the islands
- Art; visual arts, dramatic arts
Ex; draw or paint a scene from the story, retell in your own words
- Health and Physical Fitness; Yoga
Ex; practice the sequence of poses as well as the breathing exercises
- Foreign Language; Hawaiian
Ex; practice using one or two words a day from the Word Guide

Island

Sharks

Temples

Sacred customs

Storms

Yoga Fun

After presenting the story, retell the story with a yoga session. You may then want to introduce the children to other retellings of the same story in picture books and folklore. Open a conversation by inviting children to compare and contrast the settings, characters, and plots of different versions as well as offering concepts to consider.

1. Read the story
2. Ask a question as you follow the storyline before moving into a pose

Ex. Who are the main characters of the story? The brothers; Warrior II pose
What did they see on the beach? Shark; Locust pose
Who did their father receive help from? Kauhuhu; Goddess pose

Concepts to Consider

Here we delve deeper into the 5 parts of a story; what, where, when, why, and instead of who we use how. We put ourselves into the story. The theme of the story is now open for consideration.

What could I do if...?

Where might ...?

When something like this happens...

Why would someone think, do or say...?

How am I like...? How would I feel if...?

Concepts to Consider: what, where, when, why, and how

Courage

Revelry

Fear

Perseverance

Respect

Compassion

Conversation starter

These conversations promote higher level thinking. They require more than a mere recounting of what happened in the story. Instead, they require some thought, and they invite differences of opinions.

How does having compassion affect our relationships?
